To the Voters of Cornish:

It lies in your hands to fix the tax rate in town meeting to within a few cents. If you will stop and think that for every \$1,000.00 raised means about 10 cents increase in addition to your state and county tax, which will make a 45 cent rate, to which will have to be added the amount raised in your school meeting. That is to say, that you will open your Town Meeting with a rate of about \$1.28. Every \$1,000 raised in addition to this will mean practically a ten cent increase.

In our opinion a rate of \$2.40-\$2.50 is all this town can afford, and we recommend that this Town meeting does not exceed the maximum rate of \$2.50.

The Public Schools

Superintendent's Report

To the School Board of Cornish:

I hereby present for your consideration my seventh annual school report.

In general the condition of our schools and the attitude of the teachers toward their school responsibilities is encouraging. No serious cases of discipline have been reported and in general the schools are under good control and the children, contented and happy, diligently occupied with their studies.

The schools were opened on August 31. The prescribed vacations include Thanksgiving week, Christmas week and the week following, and the three-week period beginning the 20th of March. Labor Day, Washington's Birthday, Fast Day and Memorial Day are allowed as holidays. The schools are scheduled to close for the summer on June 16. After a discontinuance of six years the Texas school was reopened, thus increasing to ten the number of schools maintained by the district.

As indicated by the September school census returns there are in town 172 children between the ages of five and sixteen. Of these on Sept. 30 one hundred and forty-six were enrolled in the local schools, 2 in parochial school, 11 attending high schools and academy outside the district, and 6 in attendance at elementary schools outside the district. A total of 165 are reported in schools. Seven children enumerated are not in school attendance. Six are between 5 and 8. One between 8 and 14 was excused from attendance because of disability.

Teachers' names and each school's enrollment for the fall term are recorded in the following table:—

Teacher	School	Enrollment
Amy I. Davis, Flat		14
Louise E. Schultz, Goward		11
Doris B. Williams, South		15
Lura Chadbourne, Brick		13
Dorothy E. Paine, City		24
Lola L. Wells, Centre		23
Helen L. Flower, Chadbourne		13
Emma C. Schultz, Tracy		19
Hazel E. Allen, Dingleton		11
Ruth P. Kibbey, Texas		9
		<hr/>
		152
Recorded twice		4
Unrepeated enrollment		148

Health

Miss Edith C. Foss was engaged as school nurse. Her work was very satisfactory. She made 31 visits to homes and 42 visits to schools. 138 children were examined. 299 defects were discovered. Seventy children were accompanied to the dentist and one child to the oculist. The following treatments were secured: 206 dental, 1 medical and 2 ocular (fitting of glasses). The expenses of the dental treatments were in most instances paid by the local branch of the Red Cross. The children owe the Red Cross a great debt of gratitude for the improvement in health which is certain to follow from the treatments. We hereby express our hearty appreciation of their patriotic assistance, and to the individual citizens who furnished transportation of the children to the dentist's office.

General Statistics for the Year Ending June 30, 1925

Total registration, 149; average membership, 120; average attendance 111; per cent of attendance, 93. Five

pupils were perfect in attendance, having been reported neither absent nor tardy for the entire year. Their names are:—Hazel Atwood, Norween Fisher, Bettie Sanderson, Kenneth Pollard, Myra Hood.

Fifteen Cornish children were registered in high schools and academies. In June Ralph Brown was graduated from the Montpelier (Vt.) Academy. Margaret and Mary Breck were graduated from the Windsor high school. In September Ralph Brown and Mary Breck were admitted to the New Hampshire State College.

Of the grammar school graduates Norween Fisher entered the Wallingford (Vt.) high school; Howard Weld and Madeline Sturtevant entered Stevens high school; Hazel Atwood, Beulah Atwood, Dwight Wood and Josephine Stone entered Kimball Union Academy; Ruth Bugbee, Reta McDonald and Charlotte Monroe entered Windsor high school.

Respectfully submitted,

ANDREW P. AVERILL.

The Public Library

Librarian's Report

Another year has gone and our library has carried on in about the same manner as heretofore. The branches in the school houses have been maintained to the oft expressed satisfaction of both teachers and pupils. Soon after the opening of the school year the Board of Library Trustees very pleasantly entertained, one afternoon, the Superintendent and teachers, at the library. Various helps for school work were displayed and explained and all teachers urged to use them freely as the need arises. In arranging our yearly budget enough money is allotted for branch expense so that the librarian can send to any teacher special helps as requested at any time. Several have availed themselves of the privilege at various times. As patrons have from time to time recommended the purchase of any special book or books we have endeavored to grant the request in every case where our means would justify the purchase. With a limited amount at our command with which to purchase books, we realize the need of careful consideration and discrimination. While a large percentage of our readers ask mostly for fiction still there are many calls by not a few patrons during the year for more solid reading. If our library is to be truly a storehouse of information we must be up to date in our authorities on history, science, religion, travel, governmental and economic subjects. Hence the need of new books along these lines. Some very valuable ones have been added this year both by purchase and gift. Then we must always remember the younger readers. We want the little ones to get, at the library, a taste for the best in lines of juvenile books and this calls for new books from time to time as in case of the adult readers. So we would say to our townspeople, "Criticise us as kindly as may be, for we are giving freely of our best in thought and work to this institution

which means so much to our town." Last summer we were visited by Miss Amy Jones, secretary of the Carnegie Endowment Fund, who has sent us so many splendid books on international subjects. From recent letters we learned that she carried away very happy thoughts in connection with our little library. For all gifts, most sincere thanks were rendered and are again expressed in this public manner. Last fall Hon. Samuel L. Powers of Boston, a former Cornish man, presented us with a very fine seven volume set of Source Records of the Great War in deluxe edition. Mrs. Barrett recently sent a new Grenfell book to the pleasure of our readers, and has ordered a two volume edition of "Wild Flowers of New York", which will be here before you see this.

Our financial report shows you we have "lived within our means."

Respectfully, your servant,

ALMA A. BROWN, Librarian.
